EDUCATION

Bachelor of Computer Applications (BCA) - Game Development & Design

2024 - 2028 (Currently Pursuing) | Focus: Game Programming, Interactive Design, Computer Graphics, Web Development

TECHNICAL SKILLS

Game Development

- Unity Game Engine (Learning)
- C# for Unity, Python, Java, JavaScript
- Game Design & Level Design
- Player Experience Design
- Game Physics & AI

Graphics & Web

- Computer Graphics, UI/UX Design
- HTML5, CSS3, JavaScript, React, Node.js
- Figma, Adobe XD
- 2D/3D Asset Creation, Blender
- Responsive Design

Programming

- Python , Java
- C#, JavaScript
- Data Structures & Algorithms
- Object-Oriented Programming
- Database Management

Tools

- Unity, Git & GitHub
- VS Code, IntelliJ
- Figma, Blender
- Web Canvas, LocalStorage
- API Integration

PROJECTS

RLCraft Dregora Portfolio Website

HTML5, CSS3, JavaScript, GitHub API, LocalStorage

Interactive game-themed portfolio with 14+ achievements, XP/leveling system, real-time stats tracking, Easter eggs (Konami code), GitHub API integration, and persistent user progress. Demonstrates gamification, player engagement mechanics, and interactive UI/UX design.

Unity Game Development Projects

Unity, C#, Game Design

Learning Unity fundamentals, 2D platformer prototypes, game mechanics implementation, physics simulation, AI behavior, and level design.

RELEVANT COURSEWORK

Completed: Computer Architecture, Python Programming, Game Math, OOP (Java), Discrete Mathematics, Data Structures & Algorithms, Game UI/UX, Computer Graphics, Mobile Game Development, Web Development, Software Engineering, Database Systems, Game Design Principles

Current/Upcoming: , **Game Development (Winter 2026)**

PROFESSIONAL SUMMARY

Passionate BCA student specializing in Game Development with strong programming skills (Python, Java, C#). Built interactive portfolio with gamification elements. Currently learning Unity and seeking game development internships.

CERTIFICATIONS & ACHIEVEMENTS

Professional Profiles & Problem Solving:

- **LeetCode Profile** - Active in Problem Solving & DSA
- **GitHub Portfolio** - Open Source Projects & Contributions

AI & Professional Development:

- **AI Skills Passport Program** - EY & Microsoft
- **AI + Sustainability Virtual Internship** - The Forage
- **Introduction to Artificial Intelligence** - LinkedIn Learning
- **AI For Everyone** - DeepLearning.AI/Coursera
- **Handling Workplace Change as an Employee** - LinkedIn Learning (Chris Croft)

Programming & Development:

- **Java Object-Oriented Programming** - LinkedIn Learning (Kathryn Hodge)
- **C# Programming and Unity** - University of Colorado/Coursera
- **Introduction to Mobile App Development** - IBM/Coursera
- **Introduction to Front End Development** - Meta/Coursera
- **Full Stack Web Development** - Amazon/Coursera

Data & Databases:

- **MongoDB Database Admin Path (Self-Managed)** - MongoDB University
- **Introduction to Databases** - Meta/Coursera
- **Data Analysis with Python** - IBM/Coursera

Cloud & Systems:

- **Introduction to Cloud Computing** - IBM/Coursera
- **Introduction to Hardware and Operating Systems** - IBM/Coursera

Network & Security:

- **Network Security** - Cisco/Coursera

Game Development & Design:

- **Turn Ideas Into Prototypes With Vibe Coding** - Coursera
- **UiPath Automation Development Associate Training**
- **Generative AI Design Engineering Basics** - IBM/Coursera

Academic & Theory:

- **Introduction to Graph Theory** - UC San Diego/Coursera
- **Organizational Concepts and Language** - University of Illinois/Coursera
- **Programming for Everybody (Getting Started with Python)** - University of Michigan/Coursera

Other Achievements:

- **IMIB GREEN SKILLS ACADEMY** - Alliance University 1M1B

In Progress:

- Game Development Fundamentals - Unity
